Dear John

I was really pleased to receive your letter of 22 April, enclosing Record of Advice covering issues we discussed at my meeting with you in March.

Your report was read with great interest, and I very much appreciate having such an accurate record of where my finances are at.

It is a comfort to me to have RMG and you in particular, John, looking after my finances, especially in these worrying times.

Thank you, again, and best wishes

Marjorie Matheson
