Dear Patrick

We would like to thank you for giving your time and presenting at our ACSWA Branch Conference on Friday 7 September 2007. Your presentation was extremely well received and many attendees made mention of the professional approach you adopted.

We had in excess of 90 attendees on the day and the overall feedback to date has been excellent. All who attended indicated that the format of the conference was ideal and all speakers presented on interesting subjects that highlighted the theme of the conference, "Who is Really Responsible?"

Without your support as a presenter, the ACSWA Branch would not have been able to stage such an event, so please accept our sincere thanks for your participation.

Yours sincerely

Andy Jenkins
