R.M.G. Financial Services,
P.O. Box 38,
Wembley, 6913.

Attention Mr. John Donald.

Dear John,

Rosalie and I would like to thank you for your most generous and thoughtful gesture in extending an invitation to us for lunch.

We appreciated the opportunity to enjoy some time with you at a beautiful Venue and the food was exquisite. Thank you very much.

Driving home after lunch gave us an opportunity to reflect on our relationship with R.M.G. Financial Services and originally Robert Stone and National Mutual.

The initial introduction to Robert as a National Mutual Representative was in 1985-6. It seems impossible that 20 years have passed.

Rob's diligence in planning and implementing changes as Legislation developed with Superannuation was exemplary. He navigated a path for us to follow and with the assistance of good tax planning by R.M.G. Accounting we have reached our goal of being financially independent in Retirement. This was not easy and we are only now realising the tremendous value and satisfaction of that achievement.

The relationship and personal contact is vital in understanding the complex issues of Superannuation. We hope and trust that you feel the same personal satisfaction of seeing your customers (and friends) achieve their goals.

Thank you for all the help along the way, it has been a long journey and now we can enjoy the rewards that Retirement brings.

Rosalie and I cherish and respect the friendly atmosphere that exists between R.M.G. Staff and ourselves, whilst appreciating the Professional Presentation and intimate knowledge of Legislation and Superannuation products.

We will continue to tell others of our satisfaction when opportunity arises so that others may avail themselves of your excellent services.

Thanking you very much.

Yours faithfully,
Rosalie and Kevin Brown
